Personal Statement ____

I am a second-year Computer Science student with a passion for problem-solving, innovation, and continuous learning. I have a strong interest in Reinforcement Learning and leveraging AI to address climate change. My curiosity gene drives me to explore diverse areas, and I look forward to actively contributing to open-source projects. With a creative mindset and strong analytical skills, I thrive in collaborative environments and excel at teamwork and communication. I am eager to apply my knowledge to advance AI for social good and make meaningful contributions to the field.
